

I Wish You Well

by Billy Kemp and Geoffrey Himes ©1982

I wish you that you weren't walking out that door
I wish your bags weren't piled up here on the floor
I wish you would change your mind once more
I wish I could snap my fingers and break this spell

But since you're leaving baby baby baby baby
I wish you well

I wish you well even though I really wish that you would stay
I wish you well even though it's really hard for me to say
I'll wish you well even as you go away
You say it's best only time will tell

But since you're leaving baby baby baby baby
I wish you well

You better go now your taxi just arrived
And I don't want you to see me break down and cry

I wish you well even though I really wish that you would stay
But since you're leaving baby baby baby baby
I wish you well

Since you're leaving baby baby baby baby
I wish you well
